Message from....

The President

The HOA General Membership Meeting was held on March 8th and folks began to arrive at approximately 6:30 PM. Once again, "Fun and Games" was held with David Lennox conducting Trivia. The category was "Games" and Maria Combs won by correctly answering 8 out of 10 questions. It was Maria's lucky night as she was also the winner of "Share the Wealth". Congratulations Maria!

I offered additional information by way of Power Point, regarding the "Mosquito Magnet" machine. I attempted to answer the questions raised during February's meeting and following the presentation, a vote was taken on whether or not to purchase the machine. The result was "28" Yes and "0" No, a unanimous decision. Hopefully, this will lead to a relatively "mosquito free" season and we will be able to take advantage of more and longer evenings at the pavilion.

We discussed many upcoming events, scheduled through the month of May, and additional ideas as brought forth by the Activities Committee. We tentatively have a community breakfast scheduled for May 11th, with the idea of honoring local law enforcement, as this is the first day of National Police Week. We intend on inviting local law enforcement to join us for breakfast. In addition, we discussed the yard sale which for this year, is tentatively set for November 12. Between now and then, the HOA will have the opportunity to decide if they want to continue the yard sale in the fall, or move it to the spring.

Finally, on behalf of the Board of Directors, I would like to extend a huge "Thank You" to those who assisted in the cleaning and reorganization of the back room of the clubhouse. I mentioned we needed volunteers to assist with this project, and within 3 days, it was done. Thank you so much for the help, the enthusiasm, and the "get er done" attitude.

As always, new ideas and constructive criticism is always appreciated.

Clark

PAINT CLASSES

Our paint classes are back in full swing. They will be held the first Wednesday of every month at the clubhouse from 1:00 - 3:00. We try to have just 2 people per table to help with some social distancing and masks are requested for those who have not received their vaccine. The price is the same, \$20 per person with all supplies and instructions provided by our instructor, Sherri.

If you want to attend it's helpful to let me or Shelly know - just so we make sure Sherri has enough supplies. But please come even if you forget to let us know. We usually always have room. Come join us for some fun and visiting.

BIRTHDAY AND ANNIVERSARY CELEBRATION

We will celebrate **March and April birthdays and anniversaries** on **Sunday, April 24th** at 6:00 at the clubhouse. Everyone is welcome to join us for cake and ice cream. We will begin with cruise style trivia where you can choose your own team. The winning team will receive a prize for their celebrant. Come to join the fun!

A Fresh Start for LHV Sassy Stitchers

Lake Hammock 's sewing group will be meeting the 1st and 3rd Tuesday of each month at 1:00 in the clubhouse. Anyone who sews, wants to learn to sew, works with yarn or would like to help with projects is welcome to participate. The plan is to be an "open sew" where you can work on projects for charity or on your own projects. Share your tips and tricks with others and pick up some new skills. Most of all, let's have some fun together!

Bring your sewing machine or crafting supplies and material for a project if you have one. I will provide irons and cutting mats to share and some extension cords, but if you have an extension cord to bring that would be helpful.

If anyone has a relationship with an organization in need of handmade items (hospitals, schools, cancer centers, shelters, or groups) please ask them what they need and bring that information. If you want to learn how to sew a project you want to do, come over and let us know so we can get you started.

Thanks to all my sassy stitching friends!

Funeral Blues

Stop all the clocks, cut off the telephone,
Prevent the dog from barking with a juicy bone,
Silence the pianos and with muffled drum
Bring out the coffin, let the mourners come.

Let aeroplanes circle moaning overhead
Scribbling on the sky the message He Is Dead,
Put crepe bows round the white necks of public doves,
Let the traffic policemen wear black cotton gloves.

He was my north, my south, my east, and west,
my working week and my Sunday rest,
my noon, my midnight, my talk, my song,
I thought that love would last forever: I was wrong.
The stars are not wanted now; put out every one,
Pack up the moon and dismantle the sun,
Pour away the ocean and sweep up the woods;
For nothing now can ever come to any good.

Charles Jay Osborn wrote
this poem for me in
calligraphy.

I wish to dedicate
"Funeral Blues" in
his memory

Marileigh Osborn

W.H. Auden

Marileigh wanted to share Charles Obituary with you because her daughter wrote it.

Osborn, Charles 1/27/1938 - 2/23/2022 Haines City, Florida Charles Osborn was born on January 27, 1938 to John and Marie Osborn of Ann Arbor; he was the couple's second child, born 18 years after sister Marilyn. Charles led an interesting life from the start - father John was the Sheriff of Washtenaw County and the family lived in the residence quarters of the Ann Street jail where Mother Marie was Matron of the jail and Charles (Chuck) helped distribute meals. He graduated from Ann Arbor High School and met the love of his life, Marileigh Lamson, at Eastern Michigan University. The couple married in 1959 and had daughter, Kimberly, granddaughter, Alyssa and great-granddaughter, Fiona. Charles spent 25 years as a Fire Fighter for the Ann Arbor Fire Department. After retiring from the Fire Department, he continued serving the city of Ann Arbor, working in the public schools as a substitute teacher caller, a special education aid, a councilor - he even drove the Book Mobile! Charles was a man of many talents and interests including

painting, playing the ukulele, refurbishing, and riding bicycles and motorcycles, target shooting and camping. Chuck was known for his charisma. After moving to Florida, he became known for his one-liners in the community. He is beloved by his wife and family who feel so grateful to have had him in their lives. His memory will live on through many but most especially through his wife, Marileigh, his daughter, Kimberly, granddaughter, Alyssa, and son-in-law Laky.

In the Know...

The History of Yellowstone Park

President Grant signed the bill creating the nation's first national park at Yellowstone on March 1, 1872.

Native Americans had lived and hunted in the region that would become Yellowstone for hundreds of years before the first Anglo explorers arrived. Abundant game and mountain streams teeming with fish attracted the Indians to the region, though the awe-inspiring geysers, canyons, and gurgling mud pots also fascinated them.

John Colter, the famous mountain man, was the first Anglo to travel through the area. After journeying with Lewis and Clark to the Pacific, Colter joined a party of fur trappers to explore the wilderness. In 1807, he explored part of the Yellowstone plateau and returned with fantastic stories of steaming geysers and bubbling cauldrons. Some doubters accused the mountain man of telling tall tales and jokingly dubbed the area "Colter's Hell."

Before the Civil War, only a handful of trappers and hunters ventured into the area, and it remained largely a mystery. In 1869, the Folsom-Cook expedition made the first formal exploration, followed a year later by a much more thorough reconnaissance by the Washburn-Langford-Doane expedition. The key to Yellowstone's future as a national park, though, was the 1871 exploration under the direction of the government geologist Ferdinand Hayden. Hayden brought along William Jackson, a pioneering photographer, and Thomas Moran, a brilliant landscape artist, to make a visual record of the expedition. Their images provided the first visual proof of Yellowstone's wonders and caught the attention of the U.S. Congress.

Early in 1872, Congress moved to set aside some 2 million acres of public land straddling the future states of Wyoming, Montana and Idaho as America's first national park. President Grant signed the bill into law on this day in 1872. The Yellowstone Act of 1872 designated the region as a public "pleasuring-ground," which would be preserved "from injury or spoliation, of all timber, mineral deposits, natural curiosities, or wonders within."

For a nation bent on settling and exploiting the West, the creation of Yellowstone was surprising. Many congressmen gave it their support simply because they believed the rugged and isolated region was of little economic value. Yet the Yellowstone Act of 1872 set a precedent and popularized the idea of preserving sections of the public domain for use as public parks. Congress went on to designate dozens of other national parks, and the idea spread to other nations around the world.

Snowbirds & Other Planning

Emergency Preparedness in 2022

by

Dave Graham for the HOA Emergency Preparedness Team (EPT)

Last month we reviewed the timeframes for Hurricane Season in Florida. At Lake Hammock Village we have two types of residents. Full time residents are here year-round and need to be prepared throughout the year. **Snowbirds** make up a good portion of our population. It is difficult to track **Snowbirds** as there is no set pattern for their comings and goings.

As of this issue of Gator Tales we are now entering **April**. In the past this is a time when people begin to think about leaving to return to their other homes for the summer months. The Emergency Preparedness Team will be starting to meet and, hopefully, before you read this, the Team will have met.

To Our Snowbirds:

- The Team is here to help you in any way we can.
- LHV management asks you to fill out a form with contact information. Our Team would like to share this information in case we have the need to contact you to help in some way.
- Most of the Snowbirds remove any loose objects and also have people keeping an eye on things for them.
- Please feel free to contact our Team if any questions or if you need help.
- Please be sure to remove yard objects and other things that might be dangerous flying around in hurricane winds.
- We recommend that you not use a steel chain as these have been known to become projectiles in strong winds.
- If any Snowbirds are interested in becoming Team members, let one of us know.
- We look forward to working more closely with you to help keep everyone safe!

2022 Planning:

- To all residents, please consider joining us as a volunteer. Our Team is dedicated to helping our neighbors. All members are residents!
- If you decide to volunteer, **YOU CHOOSE** what you would like to do and how much time you have available. We all help and support each other.
- There are many different things that need to be done, many of which involve talking to neighbors and identifying those needing assistance.
- As mentioned last month, we have divided LHV into eight Zones or 'neighborhoods.' There are about 25 homes in each Zone. Each Zone has at least one or more volunteers helping to talk with people in that Zone.
- Our Team has a large bulletin Board in the Clubhouse. Information is posted regularly.
- We will be talking soon with Polk County Emergency Management to discuss working together as we have for the past four years.

2021 HOA Emergency Preparedness Team Members:

Lori Johnsen, Brin & Bob McDonald, Joyce Middleton, Deb & Gary Devore, Dona & David Rawson, Helen & David Hurr, Wanda & Art Stanley, Kathy & Dan Deuel, Matt Rice, Pamela Leland, Shelly Shaffer, Jerry Sibila, Jerry Smith, Darlene & Bill Davis, Sharyl & Dave Graham.

For further information contact Dave Graham at (603) 915-1368 or davemg1@outlook.com or talk to one of our members listed above

Vendor Fair

Thank you – Kudos – Gracias

I want to acknowledge and thank all my volunteers who helped with all the work to make this year's Vendor Fair run so smoothly.

First, we must set everything up, move tables and chairs around, furniture out of the way, etc. and for that I say thank you to:

Clark and Joice Smith – Bill Davis
Bob McDonald – Jerry Smith
Terry Karaszewski
Phil Belrose – Terry Hofer

And early Wednesday morning the canopies must go up for our outside vendors:

Clark Smith - Jim Fischer - Bill Davis

Then we have food – every year Joice and Clark take on the task of ordering, cutting, serving, and cleaning up the kitchen and that is one less thing I have to worry about, and for this I am so grateful. And their kitchen help:

Phyllis Lennox - Nanci Emery

Golf Cart drivers help the Vendors unload their cars, direct them to parking spots and bring them back. Then at the end of the event, they shuttle them back to their cars and help them load. Thank you to those drivers:

Bob McDonald - Pat Gagne
Cindy Campbell - Karen Patelunas

And finally, the event is over and all those tables and chairs, tablecloths, decorations, furniture – everything has to go back where it was, plus sweeping up, etc. Thanks for their help:

Clark and Joice Smith
Bob McDonald - Shelly Shaffer
Gary and Barb Waybill

Finally, I must acknowledge and thank the table workers who get you all signed up for the door prize drawings:

Shelly Shaffer – Nanci Emery – Terry Hofer

Thank you all so much, I appreciate you all!! And if I missed someone – I am sorry. Without these great volunteers our events are not possible – so again, thank you everyone.

April Space Coast Launch Forecast

April 1, 2022, 12:24pm

A Falcon 9 Rocket will launch a group of satellites for various customers on the Transporter 4 mission. This launch will head south and the booster will attempt to return for a landing back at Cape Canaveral.

April 3, 2022, 1:13pm

Space X will launch a Falcon 9/Dragon rocket carrying the private Axiom-1 crew (4) to the International Space Station. This launch will head to the North.

April 19, 2022 6:45am

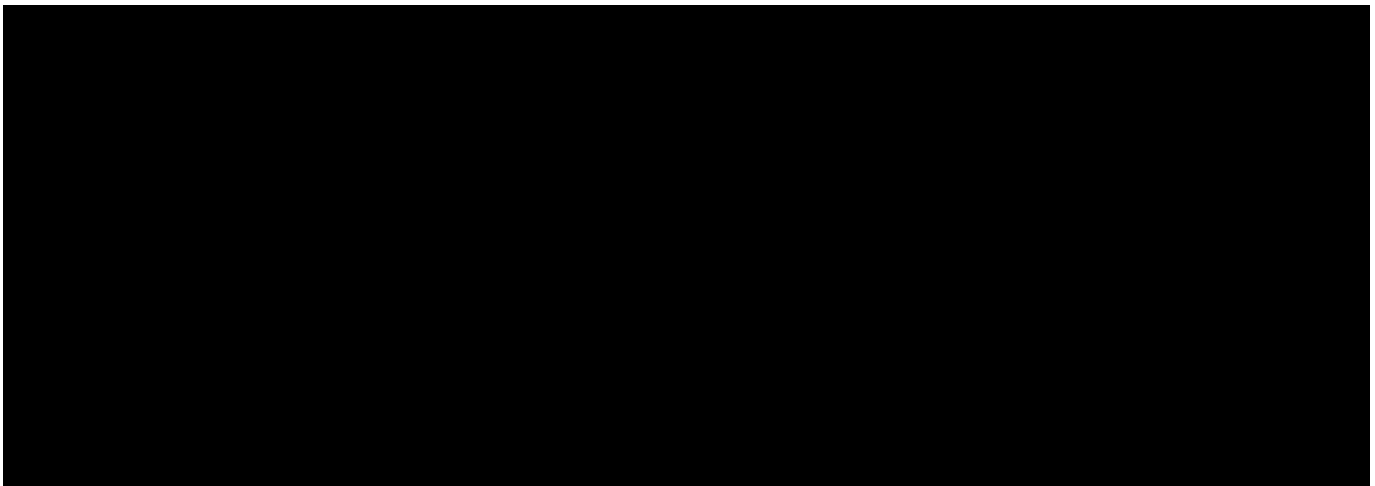

Following the Axiom-1 mission, NASA will launch the next group of 4 astronauts on a Space-X Dragon 2 capsule/Falcon 9 to the International Space Station as well.

Late April

Another group of Star link Satellites will launch on another Falcon 9 rocket.

Note:

NASA rolled out the new SLS Moon Rocket to Pad 39B on March 17, 2022 for a series of tests preparing it to fly on its first unmanned mission around the moon in late May or June. (See second photo below).

Snark Launch

SLS on Pad 39B

Cape History, The day the US lost a Snark missile.

Deployed in the late 1950's the Snark was our first nuclear armed cruise missile capable of reaching the Soviet Union, prior to our larger ICBM's entering service. It's development was marred by many failures and the reporters used to call the Atlantic shore off of Cape Canaveral "Snark Infested Waters". On one test launch in December 1956, a Snark launched from the Cape was supposed to fly around Puerto Rico and head back for a landing at the Cape's "Skid Strip". This missile however ignored commands and just kept heading South, destruct signals were then sent but had no effect. Fighter jets were then also scrambled to shoot it down but could not catch up with it. The last radar images showed it crossing the South American coast near Venezuela and then it disappeared without a trace, for over 27 years. In 1983 however, a farmer in Northeastern Brazil discovered the apparent wreckage in the tropical rain forest there.

Jim and Bonnie Fischer
94 Reineke Road
Residents since 2013

Everyone in Lake Hammock Village knows "Bonnie from the office" and her husband Jim the park maintenance man. You will see Jim driving around "taking care of business". Bonnie started working in the office with a prior manager in 2014.

Jim and Bonnie were introduced by a mutual friend. They were married January 21, 1977 and have been married 45 years.

They relocated from Naples, FL. Prior to Naples they lived in Mt Clemens, MI. Jim and Bonnie have two daughters one in GA and one in TX and two granddaughter's living in TX.

They were looking to move to northern FL to be closer to their daughters. It was a 4-hour drive from Naples to see the girls. Both girls were attending The University of Florida. They had spent many hours looking for their new home. Jim saw the sign along Rt 27 and talked Bonnie into driving through the park. Jim and Bonnie ended up buying #94 Reineke. They purchased their home on Thursday and moved in on Saturday.

Jim worked as a Heavy equipment mechanic at "Selfridge Air National Guard Base" in Mt Clemens, MI. He was transferred to Big Cypress Preserve initiating their move to FL.

Bonnie worked many places as a waitress, working for metal fabricating co. and a plastic fabricating co. In Naples, FL she worked for a large real estate firm where she was responsible for 1,500 seasonal rental properties. Her favorite job was for an airline, (which is no longer in business) where she was the Head of HR.

Jim and Bonnie have a (Heinz 57 dog) they named him Spike. Bonnie also has 9 lizards, which she feeds them "gourmet worms". She has 2 large lizards, one is a "Bahama" they and the other is a "Green Anole" that live in her Lanai among the plants and enjoy her fountain.

Jim's hobbies include carpentry/wood- working. He must have a project always going. Currently assisting his brother-in-law working on their home. He enjoys playing pool and Chess. He also likes to read, doing puzzles and working in the yard.

Bonnie enjoys reading, dancing, singing, chess and playing pool. You will soon see Bonnie roller blading through out the community. She also has a great love for horses.

Bonnie has one last thing on her bucket list which is being on "The Family Feud" with Steve Harvey".

Dave & Linda Kelley
28 Silver Crest Drive
Residents since December 2021

Linda and Bonnie Fischer are sisters. There was a total of 4 girls in their family. They were raised in Mt Clemens, MI and remained in their local town until their marriages took them to other locations.

Dave and Linda met on a school bus and have been best friends for 58 plus years. They married in Mt Clemens, MI in 1963. They have 2 sons, 5 grandchildren and 9 great-grandchildren.

Dave worked for the US Postal Service in Mt Clemens, MI. Linda ran a newspaper motor route for 100 miles a day. One day they both were on the icy and snowing roads and decided to head west where Dave had family in AZ.

When they relocated to AZ Dave began working at the local school district bus garage. Linda worked for the local school district. Linda had many responsibilities as she was secretary to the Asst. Principal. Linda then became a school nurse and a EMT. She worked with the various coaches, drove school bus and was a speech teacher. Linda filled in various positions as needed. She also was a "gofer". When she retired the school gave her a plaque that said "# 1 Gofer Dofer". The school also named the road to the school "Linda Kelly Way".

Linda had the opportunity to name the new high school and named the new school Cienega High School, her name is also painted on the water tower along with a painting of the school.

Dave and Linda purchased 36 acres in AZ. They have built 3 homes, by themselves. They called themselves, "The 2-Crew". They built each home totally by themselves. Linda designed their homes using a software program. She is now in the process of redesigning their kitchen at #28.

Dave and Linda relocated to Florida and purchased their home here in 2020. They enjoy being near family, closer to medical facilities, grocery stores etc. They also did not want to care for the 36 acres. It was hard to leave the last home they built but are happy here at Lake Hammock Village.

Linda invited Jim and Bonnie to visit the "The Kelly Health Spa", to get a nice tan, get exercise and enjoyment. Which included mixing cement, hauling building supplies. Bonnie did get a nice tan. Bonnie however called it "The Kelly Hell Spa"

Dave enjoys the socializing with the residents. You will find him at corn hole, shooting pool and playing shuffleboard. He also enjoys playing chess, various card games and of course working on their home.

Linda's hobbies include water skiing, yard work, refinishing furniture. She also enjoys basket weaving and has made over 200 baskets approx. one-half she has given away. Currently redesigning her kitchen is #1 priority.

LOOKED UNDER YOUR MOBILE HOME LATELY?

Missing or torn insulation and vapor barrier can allow moisture, mold and mildew to build up, and provide access to insects and rodents into your home!

Call today for a FREE Under Home Inspection

To our valued customers.

During the current times we wanted to let you know that we are taking as many precautions as we can to ensure not only our workers safety but yours as well. We check workers' temperatures each morning and have limited the amount of contact our crews have with each other. Our crews work in Tyvek suits with respirators which helps to ensure your safety as well as theirs.

As a company, we want your business and there is no need for any contact if you so choose. Our business is deemed an "Essential Business" and we are here for you when you need us. You can schedule your inspection by calling 1-800-681-3772.

Wishing you good health and safety, The Florida Anchor & Barrier Team
