"Gator Tales" is available online at:

<http://floridacommunities.com/lake-hammock-newsletter>

Message from the President.....

To begin this month's message, I want to acknowledge Wanda Stanley, her team of volunteers and all those who baked, who took over Bingo food during our recent absence. It is difficult finding folks to step up to this weekly challenge, but Wanda and her team consistently meet it head on. I especially want to thank your HOA Vice President, Carmine Gioiosa, who I understand makes a "killer" Spaghetti and Meat Balls, for his leadership during while we were gone.

As I have mentioned, our volunteers kept Bingo food afloat, and since this is a major source of income for the HOA, their help is immensely important. Also, important as a source of income are the monies gained from the advertising fees associated with Gator Tales. Obviously, if there was no Gator Tales, there would be no associated fees. This leads me to the **Volunteer** position of Gator Tales Editor. Currently, and for the last several years, that position has been held by Shelly Shaffer. She and her team have done and continue to do an outstanding job putting the paper out on a monthly basis. **It is NOT an easy job!** However, some of our residents are of the belief that she is a mind reader, and that dates, events, activities, etc. magically come to her. This is not the case. Shelly can **only** include information that is provided **to her**. Currently, there is a deadline of the 20th for all items to be submitted for the following month. Since this deadline is rarely met, Shelly has been extremely flexible about submissions. We all must do a better job with this to make her job easier. Secondly, we are all human and all make mistakes, as does Shelly from time to time. If you notice something has been left off the calendar, a birthday has been incorrectly listed or forgotten, or any other issue has arisen, please notify Shelly by phone, text, or e-mail, and she will gladly correct it the following month, but please do so with respect and kindness. Calling her, texting her or sending her an e-mail that is mean, nasty, derogatory, condescending or just plain rude, does nothing for the cause other than destroying the willingness of her to continue the job. Please.... let's all think before we speak as to what we say and how we say it.

Finally, as we enter the summer months, we all must be mindful of the extreme heat that we have here in Florida. Make an effort to complete your exercises during the early hours of the morning or the later hours of the evening when it's cooler. Drink plenty of water and start building up your supply for the summer months. Heed all the information regarding Hurricane Season that David and the Emergency Preparedness Team have prepared for you and don't forget the Open House that they are having on June 1st from 12:00-4:00. Let's all try to support them!

Clark

Preparing for Hurricane Season 2023:

Utilize Available Resources, Think Ahead, Make a Plan & Do it Now!

by

The HOA Emergency Preparedness Team for Gator Tales June 2023

Hurricane season is now here. We are now faced with the next six months of weather watches, planning, and a general feeling of anxiety. June 1st triggers this yearly ritual. The peak months for hurricane activity have historically been August and September, but one never knows. Last year an unexpected November storm came our way and reminded us that hurricanes can come at us at any time.

How do we respond to this ongoing challenge? The best advice is **BE PREPARED!** Although we can't control the weather, there are things we can do to prepare for hurricane season. Now is the time to look seriously at making necessary preparations and develop a plan for yourself.

The HOA Emergency Preparedness Team is here to help you, but each of us has the primary responsibility to prepare ourselves. We suggest that you prepare as if your life may depend on your level of preparation. In 2022 residents did a good job preparing. Our recommendation is to hope for the best, plan for the worst, **but....**

START PLANNING – DO NOT PROCRASTINATE – this is too important! The Team recommends:

Utilize Available Resources:

1. As we have noted in previous articles, the Team has divided LHV into Eight Zones. A map of these zones is included in this edition and a large copy is posted on the Team Bulletin Board at the Clubhouse.
2. We have dedicated volunteers in each zone. It is likely that the volunteers in each zone know the individuals within. Often, they are your neighbors and friends. They are there to help you – ask them questions or for help. If they can't help, someone on the Team will be able to help or have an answer. So, get to know your **Zone Volunteers! The Team would like to have more than one contact person in each zone. If you are interested, please let us know.**
3. On **Thursday, June 1st** the Team will be holding an informal **Hurricane Season Open House from Noon to 4:00 PM at the Clubhouse.** This is for everyone, whether you are a snowbird or full-time resident. If you are one of our new residents this would be a great time to learn more about hurricane preparation and to meet your fellow residents. We will have speakers and representatives from Polk County Emergency Management – our Lead Speaker Jerri Kaplan will lead off at noon. Energy, Polk Sheriff's Office, Haines City Police Department, and other City Police Departments, and others, will be available. We will also have videos and demonstrations. We hope you will come. Refreshments will be available. This is an opportunity to meet Team Members in an informal setting, learn about the LHV-HOA, talk with the Zone Coordinator(s) for your area, ask questions to Team Members, etc. Please consider attending!

4. The Team will be providing **Hurricane Information Packets** to all residents. Some of this will be provided at the Open House. For those not attending, we will get the information to you. These packets include the new 2023 Shelter Maps, information about planning, and other helpful materials. As we have pointed out previously, the Shelter Map itself contains a wealth of information including **putting together a 7 Day Survival Kit, information on the Polk County Special Needs Program, a listing of Pet Friendly Shelters, and important telephone numbers and emergency information numbers.** We also hope to have the **2023 Spectrum Hurricane Preparedness Guide** as part of this package. (Since this article is submitted before May 20th we do not know for sure when we will receive them, but once we do, you will get a copy.)
5. The Team is working on more informational resources for you. Our **Hotel List 2022** is available (and we hope to update it for 2023). This includes information on local hotels, hotel and motel chains, information on pet friendly ones, and telephone numbers to utilize to find additional information or make reservations. This list is available from the Team by request and may **help in determining your best options for evacuation when a hurricane threatens.**
6. **List of Generators:** This is currently being updated and should be available soon. **For those of you who need to refrigerate medication,** some very generous residents have offered the use of their facilities to store it if we lose power. If you need this, please let a Team Member know and we will put you in touch with one of our generous families. **Additional information will be available soon.**
7. **Team Volunteers – Our Greatest Resource!** We can help. All you need to do is ask. We can't do the planning for you, but we can all be resources for each other.

Think Ahead:

1. Shop for items such as water, batteries, canned goods, etc. Make sure your car is gassed up, and gas grille propane tank is full, etc.
2. We have made recommendations in the past. Today is the time to follow through. Tomorrow it may be too late when a storm is heading our way.

Make a Plan & Do it Now!

1. **Take the time to think about what you would do when a storm is coming your way.** This is so important. Would you plan to stay at LHV? If so, are your windows and doors in good shape? What if you have a pet? Some of you may have family or friends, but some do not. How about hotels and motels? Do they take pets? Is there a 'Pet Fee?' (Many charge extra for pets).
2. **If you or any of your neighbors need help, please let a member know!**
3. **The Special Needs Program** is available for those with **severe conditions.** HOWEVER, there is a registration process which needs to be completed so the Polk County Emergency Operations Center can help you. We can answer questions and help you apply.

Remember, we are all residents and volunteers! We can work together to keep each other safe!

The goals of the Team are to help each other, to keep our residents safe, and to try to assist everyone to be better prepared in times of hurricane threats.

The AED and the emergency 911 phone will be operational in the clubhouse by June 1, 2023. The CPR / AED Training, conducted by Polk County Fire Rescue on April 26, was well received with over 20 residents in attendance. We are planning to do a follow up video training session for those who were unable to attend and to familiarize them with the equipment some time in July. Info will be posted in the clubhouse and on Facebook and look for a flyer in the July Gator Tales.

Bernard and Ilene Cain
30 Silver Crest Dr.

Residents since April 16, 2023

Bernard and Ilene were married 46 years ago in Jamaica. They have 6 children, all boys, one son lives in Florida in Port Saint Lucie and is in the medical field. The rest of the children still live in Jamaica. They have 18 grandchildren, 9 boys and 9 girls.

Bernard and Ilene left Jamaica in 1982 and have lived in various cities in Florida. They moved to Lake Hammock Village from Main Street, Haines City, FL.

Bernard and Ilene purchased their home on the day it was listed. Ilene fell in love with the flooring. They are continuing to organize their home.

They have already fallen in love with Lake Hammock Village. They are happy with how quiet, serene, friendly and the cleanliness of the park. When they are out Bernard and Ilene love how everyone stops and speaks.

Bernard is an artist and sculptor. He is currently working at Universal Amusement Park which is a 3-year project. He works at various parks in the USA and Canada and other places as needed. Ilene worked as a home health aid and is now retired.

They are very involved in their church and activities. Bernard and Ilene enjoy helping the church family and surrounding neighborhood. They repair homes, remove trees and other projects the community needs.

They are very proud that approximately 200 people attend Sunday services.

Bernard loves movies especially African movies. He also loves to watch college soccer but has no favorite team. You will often see him playing "pool". He loves playing billiards and is quite good. Bernard belonged to a billiard league in Orlando and was involved with the tournaments. Bernard also loves to fish, so could also see him at the lake. He also loves to work in their house doing projects.

Ilene has never experienced snow. Bernard plans on taking her to New York to see snow.

Ilene enjoys making jewelry. She loves to read and to grow vegetables and flowers. Cooking is another activity she enjoys.

She does say her church comes first and foremost. They do love Lake Hammock Village and was an excellent choice.
