Message from.....

The President

One of the things I hear from new residents, when meeting them, is how impressed they were with the cleanliness and well-manicured homes they saw in our community when they were looking for a new place to call home. Many of our residents do an amazing job when it comes to decorating their homes, and many decorate with the changing of the seasons which always causes our community stay festive and beautiful. I would never want to have to choose one over the other, but I feel one such resident needs to be recognized. For the last couple of years, Hacy and Joyce Wright have created a display in the rear of their yard, leading into the woods of the "Wizard of Oz". They improve their display each year as they are both very creative, imaginative, and talented. If you follow the signs to the Yellow Brick Road, you will be amazed at what they have done this year. As you sit and wonder at their display, it takes you back to the whimsical times of your childhood. I would like to say "Thank You" to Joyce and Hacy for bringing this piece of nostalgia to all of us for our enjoyment. If you happen to see them out and about, please take a moment to thank them and express how much you appreciate their hard work. Great job Hacy and Joyce.

On another note, November begins the busiest time of the year here at Lake Hammock Village. Signup sheets are up for Veteran's Day, the Yard Sale, Thanksgiving Dinner. December signup sheets will be going up soon.

Tables requested for the yard sale are available until gone and will be delivered. **PLEASE DO NOT** remove tables from the Clubhouse yourself. Also, you are responsible for returning tables to the Clubhouse and replacing them where they belong.

Happy Thanksgiving

Clark

Hurricane Season 2022: November - Month 6!
Hurricane Season Winding Down

**Hurricane Danger Continues Through November!
Preparation Still Important!**

by

**The HOA Emergency Preparedness Team
for the November edition of Gator Tales**

Every month the Emergency Preparedness Team tries to present a timely article with the focus on preparing for hurricane emergencies. **Gator Tales** and its Editors, Shelly Shaffer & Joyce Middleton, have been terrific, supporting the Team with LOTS of space to present information. The Team appreciates this support and the time consuming, and painstaking job of putting together this wonderful publication each month. I, along with most of those I know, look forward to each issue with great anticipation.

Many of you may not be aware that **Gator Tales** has a submission deadline of the 20th of the month for the next issue. This provides time for editing, putting it together, and having the final product printed, and then delivered around the first of the month. The deadline for the October issue was September 20th, and the Team submitted its article at that time. So far, so good you may say, what's the problem? Let me quote the first part of the **October article** and the problem should be obvious:

“We are now well into hurricane season and thankfully have not experienced any threats yet! As we enter October we must continue to watch for possible sudden hurricanes. As we know, things can change quickly. Two watching in early September, Earl & Danielle, eventually headed out to sea.”

serious danger from storms we were moved off and

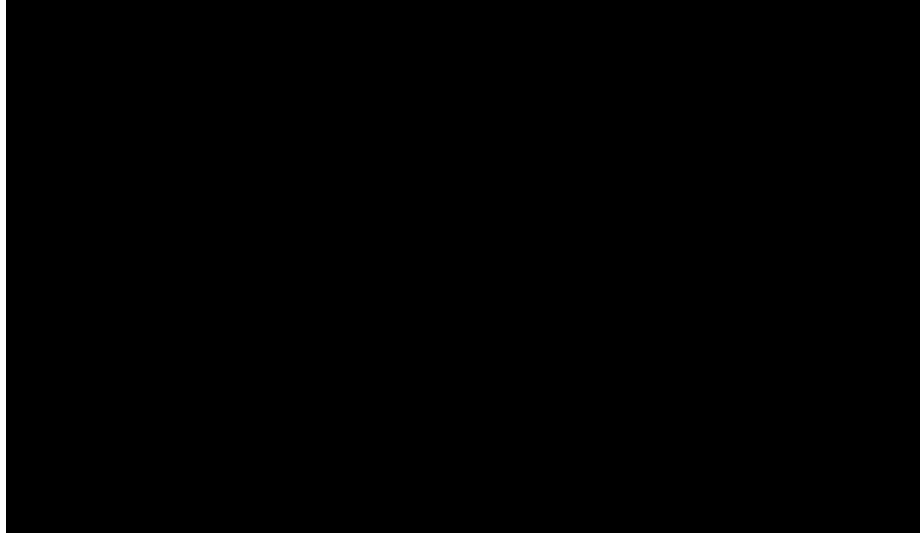

All that was true.....at the time it was submitted! The Team tries to anticipate things for the upcoming month. However, in this situation, between the date of submission and date of publication, things changed drastically as we all know! **Hurricane Ian** headed our way! The Team met twice to develop and implement a plan. Cooperation from residents was great. The Team also worked with Phil Nespeca to develop a list of those leaving and remaining, which was provided to the Police Department for safety checks. We believe that the Team's efforts increased awareness and that the information and assistance provided was helpful to some of our residents.

It seems that our residents weathered the storm fairly well. We give thanks that nobody suffered serious injury. There was some damage to homes, but it appears to be much less than in Hurricane Irma. Phil & Management moved quickly to remove tree limbs and other debris and this prompt action was appreciated by all of us.

We are very proud of how Team members and others throughout LHV responded quickly and efficiently to the first serious hurricane threat since Irma in 2017. Due to this experience, we have all learned many things – lessons learned, so to speak. By the time you see this article the Team will have met to discuss these issues, assess our response, and consider these matters in our future planning.

**Remember: Hurricane Danger Continues Through November
& Preparation is Still Important**

Last month we introduced you to ‘Charlie the Procrastinator,’ a loveable 69-year-old widower in good health, but who is clueless when it comes to preparing for hurricanes despite living in Florida for the past 34 years! In the photo below, Charlie continues his search for batteries and other emergency supplies. In a fictitious conversation with this fictitious character, Charlie told us, “I must have missed the Gator Tales articles. And....I think I remember getting a shelter map, but I think I spilled coffee on it and threw it away. By any chance would you have another copy for me?” Charlie also promised to try to do better in the future.

NOTE: ‘Charlie the Procrastinator’ is a purely fictitious character dreamed up by one of the annoying members of the Team. He is now in possession of a Polk County Emergency Shelter Map.

2022 HOA Emergency Preparedness Team Members:

Lori Johnsen, Terri Cruz, Brin & Bob McDonald, Joyce Middleton, Deb & Gary Devore, Dona & David Rawson, Helen & David Hurr, Wanda & Art Stanley, Kathy & Dan Deuel, Matt & Margaret Rice, Pamela Leland, Shelly Shaffer, Jerry Sibila, Jerry Smith, Darlene & Bill Davis, Gary & Valerie Stanley, Peter Morlock, Sharyl & Dave Graham.

Others:

The Team would like to recognize and thank the many individuals who are not ‘formal members’ of the Team but whose dedication and assistance is appreciated by all! These individuals keep an eye on their neighbors, gather socially, and provide general support to many. It is very gratifying to see this and the caring for our friends and neighbors to help everyone stay safe through events such as the hurricane.

Background & Mission:

The Emergency Preparedness Team was established by the HOA in 2018 for the following purpose:

To help each other, to help keep our residents safe, and to help everyone be better prepared in case of an emergency.

November Space Coast Launch Forecast

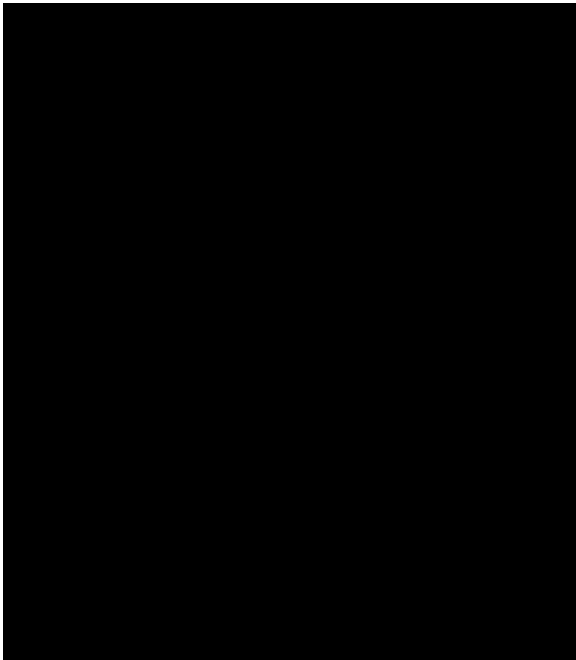

Note: Once again the launches are coming at the rate of almost one per week or two, with many being scheduled with little (5-7 days) notice. Updates will be posted to our Launch Alert Facebook page on an as known basis.

NASA SLS – 11/14 12:07am The often delayed maiden flight of the new Space Launch System (SLS) rocket and Orion spacecraft has been tentatively been re-scheduled for just after midnight on the 14th. The flight will take off from launch complex 39B, which has not hosted a launch since October, 2009, and it is the most Northerly pad on the space coast. If it is clear, look to the NE and you should have no problem seeing this launch. The SLS will launch the Orion spacecraft around the moon with a splashdown in the Pacific two weeks later.

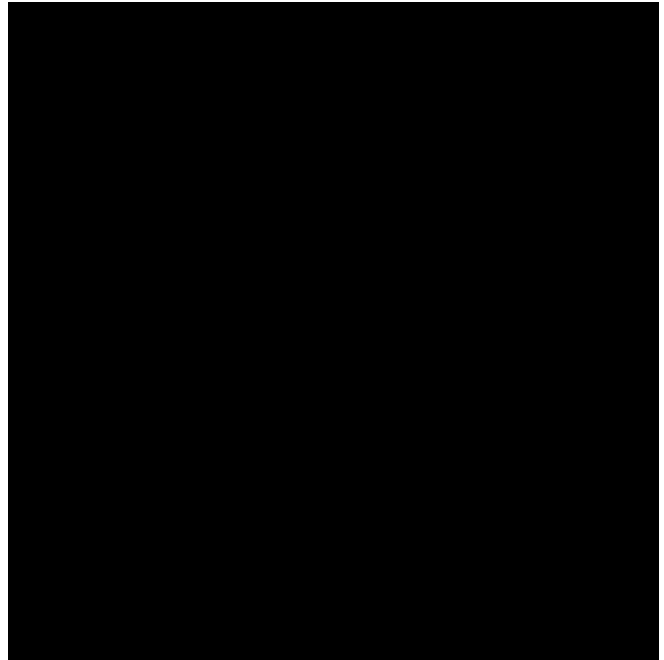

Space-X - 11/18 TBD A Falcon 9 rocket will launch a Dragon 2 cargo capsule to the International Space Station for NASA on it's CRS-26 mission this month, launch time should be around 4-5pm.

Space-X – TBD Space-X is planning on launching at least 3 other Falcon 9 rockets in this time period carrying several communication satellites, along with its own Star link internet satellites. This will, be a very busy month.

Richard and Marian Spiegel
84 Reineke Rd
Residents since 2003

Richard and Marian were married in Neenah, WI on September 5, 1964. They have 2 daughters still living in Wisconsin, four grandchildren 1 boy and 3 girls. They recently added a new member of the family their dog Carrie. Marian recently celebrated her 80th birthday.

Richard was in the US Navy and stationed on the Ship "Dyess" based in Charleston, SC. He then became an over the road truck driver and made deliveries in NYC and the New England States. He also travelled to Miami. One trip was from WI to TX delivering diapers in a refrigerated trailer. In 1987 Richard purchased his own truck tractor trailer. He was then more flexible on what runs he took.

Marian was a beautician for 32 years. She still cuts hair for residents of LHV. After Marian retired from hairdressing she worked as a caretaker during the night shift. She then started a position working for the hospital cleaning the neonatal unit.

Richard and Marian had friends that lived in Lake Hammock Village and while visiting they thought about moving to FL. Richard returned selected a house sent Marian 24 pictures and they purchased 59 Sargent St. They later moved to their current home.

During Marian's vacations she rode along with Richard to NYC and Boston where they were able to site see. Richard and Marian also travelled to Hawaii and many other cities in the US.

Currently Richard repairs the sprinkler systems in the park. You will also see him working on the lamp posts and replacing the bulbs and globes. Richard also spends the afternoon relaxing in the pool with his friends.

Richard and Marian have been active in Lake Hammock Village. Richard at one time had a monthly fish fry, he stopped when the equipment did not meet their needs. They also participated in the monthly potlucks held at the club house.

They enjoy playing "CLR", euchre, and a game from WI called "Sheepshead". Marian enjoyed playing women's poker. Richard and Marian hope that Wii bowling returns this winter as they really enjoyed this activity.

Marian says she is the Energizer Bunny, at 80 she is ready to go. She enjoys cleaning her home (picking up after Richard and Carrie). She enjoys talking with her neighbors and friends.

They are both devout Packers fans, and devout Chicago Cub fans. Richard has a collection of model cars, that he wished he had owned. He also has a model of the car Kennedy was riding in when he was shot.

Thanks for the memories!
