Message from.... *The President*

As I write this message, I'm sitting at our campsite in North Myrtle Beach, SC enjoying beautiful weather with little to no chance of rain. That being said, We look forward to returning, relaxed and refreshed, and ready for a full season of fun and activities. I would like to thank Wanda and Art Stanley for gracefully taking over Bingo Food Sales in our absence, thus allowing the revenue stream to continue.

In light of the recent events occurring in our community, I'm thankful for the wonderful job that your HOA Vice President Joyce Middleton has done. She not only conducted the first HOA Meeting of the season, covering all of the issues concerning the next few months, but she also sprang into action following the criminal activity occurring in our neighborhood. Together with Phil Nespeca, they checked all empty houses for any evidence of criminal activity and worked vigorously with our local police to investigate the crimes that had occurred. Many thanks to Phil for jumping on the repairs to the gate and camera so that the community was back up and secure by the end of the day. The Haines City Police Department has an ongoing community service program entitled "Follow the routine, lock your doors at 9:00 PM" which includes your car and your residence. Let's all please adhere to this advice, and one final thought, "If you see something, say something!"

As many of you may know, our "Gator Tales" have not been available online for several months now, due to issues beyond our control. Once again, Joyce has jumped on the issue and developed a program on the LHV Facebook Page which will allow you to view the "Gator Tales". The only caveat is you must be a member of the LHV Resident's Facebook Page. If you would like to join and have any questions, please contact the administrators Joyce Middleton or Joan Butler.

On another note, the Hurricane season is starting to heat up with activity, but I feel safe in knowing that Dave Graham and his Hurricane Preparedness Committee team have done everything possible to ensure that should we get hit, we will get through it with relative ease. However, it is still up to us to make sure we've done our part to be prepared, i.e.: water, flashlights, batteries, etc. Finally, as a reminder, October and November are shaping up to be very busy with the Halloween Dance and Party, Veteran's Day, the annual Yard Sale, Thanksgiving, and the Harvest Dance. All of these events are in need of volunteers, so please step up and help if you can.

Paint Classes are Back

1st Wednesday of every month

Come join us for our Paint Class for some fun, visiting and design. Subject matter will be a specific topic to be determined and Sherri will bring 5 to 6 different subject matters for you to pick the one you want to do. We've missed this fun event and look forward to painting again.

Please let us know if you'd like to participate so we can be certain Sherri has enough supplies.

Anne Aytes
146 Glen Este Blvd
Resident since April 23, 2022

Anne relocated from Kansas City, KS where she was born and raised. She has a twin sister and an adopted sister. Her adopted sister was 3 when Anne was in college. She would come home periodically to help her single mother. Anne was a competitive swimmer for 17 years. She financed her college education by giving swimming lessons.

She has one son, Bryn that just graduated college with a degree in IT. He is still living in KS. The other member of her family is her Siamese cat, Sir Fin who is 11 years old.

Anne attended The University of Kansas, studying Cartography, the study of maps. After graduation she began working in the medical field, coding. In 2014 she began working for a company creating software used in emergency departments. Anne traveled extensively to facilities teaching staff how to use the new technology. She recently began working for a new company RLDatix a global software company working with large medical facilities using similar software. Anne is a coach teaching the software for new employees. With her current employer she can do virtual training and can live anywhere, but with her previous employer she was required to travel to various medical facilities. Aside from traveling with her career she has travelled many destinations with her son.

Anne's new position has allowed her to relocate to FL. She relocated to LHV after seeing the community and home online with a virtual tour. She fell in love with the house and purchased 146.

She enjoys the community and the residents she has met. Due to her work schedule, she is not available to attend many events. She is looking forward to her sister moving to Jacksonville and being able to spend time together.

Anne's Motto in life "Just Enjoy Life", stay healthy, enjoy the weather, and stay active. Since relocating she has attended 8 concerts from Orlando, Tampa, and Disney world.

The only sport that grabs her attention is the "Kansas Jayhawks" basketball. She has made many friends in various small groups. Anne has friends that weekly go to dinner, celebrate holidays and meet for other activities.

When Anne has time, she enjoys mix media, creating jewelry and beading. She is currently working on the genealogy of her family. Anne has also created amazing paper art.

Her bucket list includes traveling to Italy, Greece, and Thailand.

Jeanne Blicher
190 Glen Este Blvd.
Resident since 2016

Fred and Jeanne purchased their home in 2016. They wanted to settle in Central FL because it was a familiar area, and for the sunshine. Pat and Randy Bergstrom, friends of Fred and Jeanne had settled in LHV, and Fred and Jeanne followed.

Jeanne and Fred were married in 1963 in North Branford, CT and had 58 years of happy and loving marriage. Fred passed one day before his birthday on April 11, 2021. They had four children, three boys and one girl. Two sons live in NY state, one son lives in Colorado and her daughter lives in California. They have eight grandchildren, one great grandchild and one grand dog "Lily".

Jeanne and Fred retired in 2002. They sold their home and purchased a motor home. They lived and travelled for 14 years in their Motor Home.

While traveling they visited 48 states and all of Canada's provinces. They also travelled to Mexico. They enjoyed traveling the Caribbean islands, but Jamaica was their favorite. In 1973 Fred and Jeanne went to Greece. In 2013 on their 50th wedding anniversary they took a "Viking Cruise". For Jeanne's mother's 80th birthday the family surprised her with a 11-member family cruise. While on the family cruise Fred and his son signed up for a knobby knee contest. Fred had to drop his pants for them to see his knees. Unfortunately, he did not win. Of course, the entire ship saw Fred when they replayed activities from the prior day.

Fred was a romantic, Valentine's Day was his favorite holiday. Jeanne always received flowers, a gift, beautiful card, and dinner. Another holiday that was special was St Patricks Day. They were engaged on that day. When Jeanne came home from work, he would have green flowers and dinner that was all green. When driving, if their song came on, he grabbed Jeanne's hand. While watching TV he would look over and say "I really Love You"

Jeanne attended Central Connecticut State College and obtained her teaching degree. She taught 2nd grade. After starting their family, she became a substitute, and during another pregnancy she went part-time. In 1980 Jeanne went to work at "Child Care Institute" taking care of emotionally challenged students and students completing juvenile detention. Jeanne retired in 1998 as the facility was becoming unsafe.

Fred's trade was in construction. He worked on sewer construction and bridge building. He also built three additions to their home. Fred became "Mr Fix It" after his retirement.

Jeanne is an avid fan of the University of Connecticut Woman's basketball. Her hobbies include playing games, puzzles, searching her ancestry, studying home building and architecture. She also enjoys cards, working on the computer, and home decorating.

Jeanne has started a new activity in the community called "Swim" (Single Women Interested in Meeting). Please contact her for more information. She will be mentoring students at the Presbyterian Church. Jeanne is also inquiring if any residents would be interested in playing Rummikub, a version of Rummy. Jeanne enjoys the community and residents. Fred and Jeanne began the food bank collection at LHV. She appreciates that the residents continue to contribute.

Peak Season Hurricane Danger Continues

Preparation Still Important!

by

The HOA Emergency Preparedness Team
for the October edition of Gator Tales

We are now well into hurricane season and thankfully have not experienced any serious threats yet! As we enter October we must continue to watch for possible danger from sudden hurricanes. As we know, things can change quickly. Two storms we were watching in early September, Earl & Danielle, eventually moved off and headed out to sea. Your **Emergency Preparedness Team** is monitoring the situation daily. When a serious threat is identified, the Team will meet to develop and put into effect our action plan immediately. **We will also post these updates through the LHV Facebook site.**

In the past, September and October have been the most active months for hurricanes. As always, we urge you to:

- ✓ Watch the weather on whatever TV channel or network you choose. We recommend the website <https://www.nhc.noaa.gov/>. This provides up to date information including charts and graphs that are easily accessible and easy to understand.
- ✓ Do not panic! This is important. Listen closely and evaluate the situation. Watch the Team's response. If you are unsure or have a question, contact a Team member.
- ✓ Everyone received a Zone Map that can be used as a reference and for those Team members near you who can answer questions or help.
- ✓ Be sure you have supplies available. The Polk County Emergency Operations Center recommends that you prepare a **'7 Day Emergency Kit'** in case electricity goes out by purchasing batteries, water, non-perishable items and other necessities. If you have not begun, do not delay any longer!
- ✓ See the hurricane shelter map (distributed to all residents) and other information provided by the Team for further guidance.
- ✓ Think about what you would do if a hurricane was headed our way tonight! Would you evacuate? Where? Are you equipped to stay? What about pets? Lots of things to think about – better to think about them now – not when a hurricane has us in its sights!
- ✓ Keep an eye out for your neighbors. Do any need help?
- ✓ If any questions contact one of our Team members

The fellow in the picture below figured he would wait to purchase batteries, water, canned goods, and other things, and start putting together a 7 day emergency kit. This is what he found! A nosey neighbor heard him exclaim:

“Yikes! This is the third store I've been to. No batteries, no water, almost no canned goods, and gas stations are all out of gas for my car. Maybe I should have listened to those annoying Emergency Team people who keep saying prepare, prepare, prepare! What am I going to do now? I should have planned things better!”

Not a good situation! Don't let yourself fall into this by procrastinating! Don't wait. Take action now!
