A Good Lesson (Stories for the Heart, Alice Gray)

A young man, a student at one of our universities, was walking one day with a professor who was commonly called the students' friend because of his kindness to those who awaited his guidance. As they strolled along, they noticed lying in the path a pair of old shoes, which they assumed belonged to a poor man working in a nearby field who had nearly finished his day's work. The student turned to the professor and said: "Let us play a trick on the man: we will hide his shoes, conceal ourselves behind those bushes, and watch his confusion when he can't find them." "My young friend," answered the professor, "we should never make fun of the poor. But since you are wealthy, you can bring yourself much more pleasure by helping this poor man. Put a coin in each shoe, then hide yourselves and see how he reacts when he finds them."

The student did as told, and they both hid behind the bushes nearby. Soon, the poor man finished his work and came back along the path where he had left his coat and shoes. As he slipped his foot into one shoe, he felt something hard, stooped down to check, and discovered the coin. His face showed surprise and wonder. He looked at the coin, turned it around, examined it again and again. Then he looked around, but no one was in sight. He put the money into his pocket and reached for the other shoe, and his surprise doubled when he found another coin inside. Overcome with emotion, he fell to his knees, looked up to heaven, and loudly expressed a fervent thanksgiving, speaking of his sick wife and helpless children, whom this timely gift from an unknown hand would save from starvation. The student watched, deeply moved, tears filling his eyes. "Now," said the professor, "are you not much more pleased than if you had played your trick?" The young man replied, "You've taught me a lesson I will never forget." I now understand what I never truly grasped before: "It is more blessed to give than to receive."

This is a lesson from which countless individuals could derive significant insight in our contemporary milieu. How might each of us discover avenues to impart this invaluable lesson to those within our sphere of influence?

Message from the President

“Hey, how are you?” the eraser asked softly.

“I’m not your friend,” the pencil snapped. “I cannot stand you.”

The eraser blinked, hurt. “Why?”

“Because you keep undoing everything I write.”

“I don’t erase everything,” the eraser said gently. “Only the mistakes.”

“That does not make it right,” the pencil muttered.

“But that is what I was made to do.”

“Then your existence is pointless,” the pencil grumbled. “Writing matters more
than erasing.”

“To correct the wrong is just as important as writing the right,” the eraser replied.

The pencil fell silent, then whispered, “But I see you shrinking day by day...”

“That is because I give a little of myself each time I help fix something.”

“I feel smaller too,” admitted the pencil.

“We cannot make life better for others without giving something of ourselves,” smiled
the eraser.

The pencil softened, “How could I hate someone who gives so much of
themselves for me?”

Veteran of the Year

It's that time of the year, to think about and recognize Lake Hammock Village's Veteran of the Year. The committee wants to hear from everyone who has served in any branch of service. Following is a form for **ALL** who have served. Please complete the form if you have served in any military capacity and return it to either the office, or Joyce Middleton at 50 Sargent St. We want to recognize all those who have dedicated their lives, or any part of their lives, in service to our great country and ultimately recognize the LHV 2025 Veteran of the Year. Please feel free to add any additional information that the form may not have requested, and you believe is important for this committee to review. Completed forms may be dropped off at the office or to Joyce Middleton at 50 Sargent Street or to Pam Leland at 69 Sargent Steet.

Thank you for your time and consideration and reach out to me if you have any questions or concerns.

**Congratulations to

officially engaged!**

We had “bit of a giggle” at bingo this past month when a group of non-residents, who attend our Bingo games every week, decided to “honor” Dick Gould with a t-shirt prank. They even gifted him a t-shirt!

“Quite Please! Lake Hammock Bingo ‘Dick G’.”

Would you like to make a difference? Here's how!

Join CAP for Lake Hammock Village!
Help keep your community safe.

Did you know there were over 35,000 patrols in Polk County in 2025, primarily in residential parks like Lake Hammock Village, consisting of approximately 113,140 volunteer hours? How do we know that it's enough? Do we wait for something to happen?

More patrol volunteers are needed.

Although this is a serious undertaking, it can also be a very rewarding one.

What can you do if you notice your neighbor's newspaper is still in the driveway and it's after 12 noon? Did you happen to notice the person in the hoodie climbing over the fence? Is there a strange vehicle at the lake? Might these instances be something that needs to be reported? You simply make a phone call and leave things to the pros.

OBSERVE & REPORT!

How do you volunteer?

Be prepared to pass a background check and once cleared, attend training to learn the manual. This requires 7 hours of your time. Once completed, you can join the patrol. Please contact Bob McDonald, Coordinator, or David Rawson, Assistant Coordinator, for further information. Their contact information is in the LHV Directory.

Special thanks for those who participated in the past! Your help was most appreciated! NOTE: Some residents have already passed the background check and have even done the training. It would be terrific for you to contact Bob or David so they can start increasing the patrols.

Medicare 101 Seminar

(and Pizza lunch)

October is the start of Medicare Open Enrollment time.

- Are you sure your plan has given you the best coverage?
- Do you know all the options available to you through the insurance options?
- Do you know the difference between a Medicare Supplemental Plan and a Medicare Advantage Plan?
- Have you been a little confused trying to sort through the whole Medicare system?

Let us help you sort through all those questions and concerns.

Come join us for lunch and a short informational session to answer all these questions and sort through your 2024 coverages – now is the time to secure the best coverage plan for you!!!!!!

WHEN: Thursday, October 9th, 2025 @ 11:00 – 12:00

***Pizza and drinks will be provided, and a sign-up sheet will be in the clubhouse for food ordering purposes. Please remember to sign up to be certain there is enough food.*

Florida opens new emergency response facility

BY ALEXIS JONES | POLK COUNTY
PUBLISHED 12:54 AM ET AUG. 22, 2025

AUBURNDALE, Fla. — The state of Florida celebrated the grand opening of its Central Operations and Coordination Office Thursday.

The facility, located in Polk County, has a warehouse and staging area for future storm response.

Kevin Guthrie, executive director of the Florida Division of Emergency Management, said before settling in, his team searched across Central Florida for the right location. Ultimately, they say Auburndale was the prime choice because of its price point and its location along the I-4 corridor.

What You Need To Know

- Florida opened a 421,600-square-foot Central Operations and Coordination Office in Auburndale
 - The facility can house more than 300 personnel and is already 91% stocked with storm essentials
 - The site replaces a smaller Orlando office and is expected to create new jobs in Auburndale while relocating some staff from Tallahassee
-

"We can get to all places rather quickly from this area," he said.

Guthrie says the 421,600-square-foot facility can house more than 300 personnel, 400 trailers and 100 sleeping quarters. The warehouse is also equipped with all storm essentials, including food, water, flood prevention resources and generators. The facility is already 91% utilized, with supplies stacked from the ground all the way to the roof.

"This is something that we did not necessarily have — this kind of capability in the past where we can go all the way to the roof, so that's really where we've gained a lot of space on our cubic volume versus our square foot," he said.

Sheriff Grady Corner

Polk County Sheriff's Losses

This past month of September has been a painful time for many members of the Polk County Sheriff's Office. There are two PCSO deputies who died in the line of duty in the month of September: Sergeant Ronnie Brown in 2009 and Deputy Matt Williams in 2006, who was killed alongside his K-9 DIOGi.

On September 28, 2006, Deputy Williams and DIOGi responded as backup on a traffic stop. The suspect had fled the scene, and while Matt and DIOGi were tracking through thick woods in West Lakeland, they were ambushed by the suspect and killed. Matt was shot nine times: DIOGi was shot once.

A short time later, the suspect shot another deputy in the leg and then went into hiding in the woods. The suspect was found in the woods the next morning and was fatally shot when he refused to drop his gun. Deputy Matt Williams was only 39 years old, and DIOGi was three.

On August 30, 2009, an inmate at South County Jail started acting violently in his jail cell and broke a sprinkler head. The inmate refused to calm down, so detention deputies entered the cell to restrain him. At that time, Sgt. Ronnie Brown was shoved backwards by the inmate, and Ronnie's back was seriously injured. The injury required surgery, from which Ronnie would not recover. On September 8th, a little over a week after he was injured, Ronnie died at the age of 48.

I'd like to wrap up by also mentioning Deputy Blane Lane. Blane was killed in the line of duty on October 4, 2022, but the reason I bring him up now is because the person responsible for his death was just held responsible for her actions that caused Blane's death. On September 11, 2025, a Polk County jury convicted the suspect of 2nd Degree Murder, and all the additional charges she faced.

The deputies who serve and protect the people of Polk County do so with integrity, bravery, and compassion. It's my wish that they will never suffer an injury or perish during the performance of their duties. But know that if that should happen, the Polk County Sheriff's Office will never forget their service and sacrifice.

LOOKED UNDER YOUR MOBILE HOME LATELY?

Missing or torn insulation and vapor barrier can allow moisture, mold and mildew to build up, and provide access to insects and rodents into your home!

Call today for a FREE Under Home Inspection

To our valued customers,

During the current times we wanted to let you know that we are taking as many precautions as we can to ensure not only our workers safety, but yours as well. We check workers temperatures each morning and have limited the amount of contact our crews have with each other. Our crews work in Tyvek suits with respirators which helps to ensure your safety as well as theirs.

As a company, we want your business and there is no need for any contact if you so choose. Our business is deemed an "Essential Business" and we are here for you when you need us. You can schedule your inspection by calling 1-800-681-3772.

Wishing you good health and safety,
The Florida Anchor & Barrier Team
